## 2. Beware of pickpockets!

At the police station. A lot of people had problems during the day. Now they are all in the police station to tell their stories.

Our rental car was stolen. We left it on a parking close to down town, but when we came back it was not there anymore!

Our RV was broken into into! A window was broken, and inside everything was a mess. We think that the thief is hurt (verletzt), because there was some blood on the window...

I was mugged !...Someone bumped into me and stole my handbag. I had everything in there...cash, credit cards...even my passport ! How can I take my flight now?! Can you give me the address of the embassy (Botschaft)?

I can't find my camera...I don't think it was stolen ..., I think I forgot (vergaß) it on the sightseeing bus. Can you help me to call the company? Maybe they found it...

was	broken x 2	left	stole	embassy
stolen x 2	came	mess ( <i>Unordnung</i> )	found	hurt
forgot	passport	mugged	contact	blood
